

Batch Verification Record

Independent analytical testing documentation for TB-500 10mg.

VERIFICATION STATUS	INDEPENDENT ANALYTICAL TESTING VERIFIED
---------------------	---

Product & Record

PRODUCT	TB-500 10mg
APEXION VERIFICATION ID	AX-QV-TB500-001
ANALYTICAL LABORATORY	Janoshik Analytical
DOCUMENTATION STATUS	Supporting laboratory documentation available

Documented Analytical Information

MATERIAL TESTED	TB-500 lyophilised source material
PURITY SPECIFICATION	>= 99% - HPLC-verified specification stated in the supporting documentation
INDEPENDENT ANALYSIS	Analytical testing performed by Janoshik Analytical

Verification Statement

Apexion BioLabs has reviewed and recorded the supporting independent analytical documentation for this product. Laboratory analysis was performed by Janoshik Analytical. The original laboratory documentation is retained within Apexion's quality records and is not altered or re-issued as an Apexion laboratory report.

Documentation Transparency

This record presents the analytical information supported by the corresponding laboratory documentation. Commercial supply-chain information is kept private, while the independent laboratory and documented analytical scope are presented clearly for customer verification.

The material identified in the supporting laboratory documentation is TB-500 lyophilised source material. Only analytical tests documented by the laboratory are represented on this record.
